3rd Quarter Results

Oxford Technology 2 VCT Plc – 3rd Quarter Results

Oxford Technology 2 VCT Plc presents its quarterly update for the 3 month period commencing 1 September 2020.

The Directors have recently reviewed the valuation of its entire portfolio as at 30 November 2020, the make-up of which did not change during the quarter.

The unaudited net asset value per ordinary share as at 30 November 2020 was 24.5p. This represents an increase of 0.2p from the net asset value per ordinary share at 31 August 2020. This increase is mainly attributable to the rise in share price of Scancell (8.0p to 11.5p).

The total return to shareholders including previous dividends of 22.5p per share is now 47.0p per share.

The total number of ordinary shares in issue is 5,331,889.

The Directors are not aware of any other events or transactions which have taken place between 30 November 2020 and the publication of this statement which have had a material effect on the financial position of the Company.

The information above is deemed by the Company to constitute inside information as stipulated under the Market Abuse Regulations (EU No. 596/2014). Upon the publication of this announcement via a Regulatory Information Service this inside information is now considered to be in the public domain.
